Pawanreet

- Science Fair experiment

Pawanreet

---

Day one: I remembered 3 words: Untill, worry, yesterday. [3]

Day two: Worry, zipper, library, often, important, happened, special. [7]

Day three: Zipper, yesterday, often, important. [4]

Day four: Question, important, zipper, often, worry, yesterday. [6]

Day five: Yesterday, often, zipper, important, happened. [5]

After the experiment, I've noticed that I've started to add and remove words over the five days the experiment lasted. I also noticed that I mostly remembered the shorter and easier words. Examples: Often, worry, and untill!

Words remembered over the days:

- Day one: 3 words.

- Day two: 7 words.

- Day three: 4 words.

- Day Four: 6 words.

- Day five: 5 words.
