St. Joan of Arc Science Fair Log Book

The content of your Log Book should include a brief summary of what you do each day on your project. This can include a list of topics/questions you are choosing when deciding what to do for your project. A list of websites used, background information you may have, results of an experiment. It does not have to be super detailed as its purpose is to show the progression of your project.

Student Name(s): Kadilo C & Jessica R

***Only one Log Book is needed per group.**

Date:	Summary of what you worked on:
Feb 3	Today I decided on my questions. I chose: Why is some smoke black while others are grey or white? I got the idea from a book I have at home.
Feb 4	We started doing research and reading the book on why some smoke is black while others are grey or white.
Feb 9	Today we discussed our hypothesis.
Feb 10	Today we came up with more questions.
Feb 18	Today we talked about our hypothesis and our questions then came up with a conclusion on why some smoke is black while other smoke is grey or white.
Feb 19	Today we started working on the slide
Feb 20	Today we started finishing the slides
Feb 22	We finished our slides and started filming our loom video.
March 1	started and finished our project registration.
