December, 27, 2023

Today I found more
research and changed
my hypothesis and question

December, 28, 2023

Today I found the
history of sugar and
checked over my
work.

January, 16, 2024

Today I got a trifold
and chose the layer column
I also did some more
research.

December, 17, 2023

Today I did research on my project and found a diagram of how many people are obese in Canada from sugar.

December, 18, 2023

Today I did more research on my project and I found a chart of ten food items that are healthy for you.

December, 26, 2023

Today I found more information and changes to my experiment.

December, 4, 2023

Today I did a brief description on my project. I also filled in the Ethnicity 3A slide. I also did some more research for my project.

December, 5, 2023

Today I did research for my project. I also checked my work.

December, 16, 2023

Today I checked my work for spelling errors and did a little bit of some research.

November 3, 2023

Today I did more research on my projects. I did my purpose and did some background research.

November 6, 2023

Today I worked on my hypothesis and bought supplies for my experiment.

November 17, 2023

Today I did some more research and found a recipe for my experiment.

October, 24, 2023

Today I found a topic
I started my science fair.

The topic I chose was

The difference between real
sugar and artificial sweeteners.

I made a power point and

started to research on sugar
and artificial sweeteners.

November, 2, 2023

Today I went on to the

CYSF.ORG website and chose

5 categories. I also did some

research. My topics are, Chemistry,

Consumer goods, Food Science,

Gastroenterology, and Material science.
