Date	What has been done	Notes
2023-11-15	I started to look for articles and to read about ChatGPT and education.	
2023-11-30	I came up with the idea for my project.	
2023-12-15	My mom completed the ethics approval form.	
2023-12-28	I received my ethics approval	
2024-01-14	I started setting up the project. I created logbook and revised Basic Project Info	Logbook: Science Project Logbook
2024-01-28	I created a survey for the project participants.	Survey: ChatGPT Survey
2024-01-29	I used ChatGPT 3.5 to generate an essay.	
2024-02-02	I asked my sister to write an essay. My mom asked her university student to write an essay	
2024-02-04	I received the essays from the 2 students.	
2024-02-08	I emailed 475 professors to participate in my study, providing all the essays and a link to my survey	

2024-02-13	I closed the survey and exported data into Excel.	
2024-02-15	I analyzed the data in Excel and completed my data tab on the science fair platform.	
2024-02-16	I completed all other tabs on the science fair platform.	
2024-02-17	I created a powerpoint presentation.	
2024-02-18	I completed my trifold.	
2024-02-19	I practiced my presentation for the school fair with my mom.	
2024-02-22	I presented my project at the school science fair.
