Wednesday, February 07, 2024	Printed my research, problem, method, data, conclusion, citations, and declaration. I printed all of my science fair materials using my mom's printer at her work. I also bought some materials such as coloured construction paper, markers, glue, and a stapler.
Thursday, February 08, 2024	I started working on my trifold around 7 pm and finished my trifold around 1 am. I started by cutting my science fair papers and gluing them on pieces of

	<p>multi-coloured construction paper. Then with the help of my mom, made borders around each of the science fair papers that were glued onto a piece of construction paper. I then started working on the title by gluing the title to a blue-coloured construction paper. Then I started putting everything on my trifold. I put my science fair papers on the trifold, and my images, then I put my titles. Finally, I started gluing them all to the trifold and finishing the trifold.</p>
Friday, February 08, 2024	I bought my trifold to school.
Sunday, February 11, 2024	I started working on my demonstration for my science fair project.
Tuesday, February 13, 2024	I bought a hot glue gun and was still working on my demonstration. I started structuring my demonstration.
Wednesday, February 14, 2024	Added some more materials to my demonstration, and started painting the demonstration.
Thursday, February 15, 2024	With the help of my aunt, painted my demonstration and finalized it. I finished my demonstration at around 11 pm. I also printed my logbook.
