

Nov, 28, 2024

- Create logbook
- Fill out "Basic Project Info" for CYSF

Dec, 3, 2024

- Researched ingredients for algae bioplastics + how to make
- Research more on plastic + plastic structure

Dec, 4, 2024

- Wrote down sources
- Researched how plastics are made, plastic decomposition

Dec, 11, 2024

- Researched how to test for qualities(e.g pH resistance, water absorption, tensile strength, yield, flexibility)

Dec, 16, 2024

- Researched how to extract algae
- Researched how renewable algae is + about growing algae

Dec, 17, 2024

- Researched algae bioplastics affecting animals
- Started working on slides

Dec, 18, 2024

- Worked on slides (Background research + variables + sources)

Dec, 29, 2024

- Worked on slides
- Started script

Dec, 30, 2024

- Worked on script
- Worked on slides

Jan, 2, 2025

- Worked on slides

Jan, 3, 2025

- Worked on slides
- Worked on script
- Looked for materials to make bioplastics

Jan 6, 2025

- Worked on slides and script

Jan, 7, 2025

- Worked on slides
- Worked on script

Jan, 8, 2025

- Worked on slides & script

Jan, 11, 2025

- Worked on slides & script

Jan, 12, 2025

- Worked on slides & script

Jan, 13, 2025

- Gather materials

Jan, 14, 2025

- Work on slides + script
- Conduct experiment

Jan, 15, 2025

- Work on slides + script
- Practise presenting
