

Science Fair Logbook

By: Mounia Hossain and Samia Amir

January 19, 4:45 PM: Title page, question page, page about symptoms, and answer to the question.

January 19, 6:09 PM: Changed backgrounds for all slides.

January 19, 7:23 PM: Added a slide for how their minds work.

January 20, 4:41 PM: Added wording into the title page.

January 20, 5:32 PM: Moved around things in the title page.

January 20, 7:27 PM: Added wording into the question page.

January 22, 9:58 AM: Added a page for hypothesis and added wording for hypothesis. Removed the slide for how their minds work and instead put in the references.

January 22, 10:05 AM: Didn't change anything, more research.

January 22, 2:57 PM: Removed the symptoms page and replaced it with facts page.

January 22, 11:58 PM: Added different wordings for the answer to the question.

January 24, 7:55 PM: Edited our slides with pictures, and a bit more wording.

January 25, 8:57 AM: Had to move some writing around.

January 26, 10:10 AM: Edited title page.

February 11, 8:52 PM: Added the date in title page, added introduction as second slide, made changes to hypothesis, included a materials and methods section, made details to our facts section, added a conclusion section, along with the wordings in it, and tried to add interest in the references section.

February 20, 8:35 PM: Included fonts into the title page and finished up the project.
