

# Science fair log book

**Nov 20, 2024:**

Finalized my topic and chose my presentation.

**Dec 6, 2024:**

I started on my introduction and started researching substitutes for soil.

**Dec 13, 2024**

**I did some more research and bought some materials for my project.**

**Dec 14, 2024**

**I started growing my plants and watered them for every day. Then i took pictures for progress**

**Dec 21, 2024**

**I officially finished my Slides except for my observations and conclusion because I needed to wait for the plants to still grow.**

**Dec 31, 2024**

**I was at week 3 for growing my plants so I took pictures**

**Jan 7, 2025**

It was week 4 so I took pictures and I also bought my trifold.

**Jan 16, 2025**

Finalized my info and put all my pictures on my online and printed my slides out to put on my trifold

**Jan 19, 2025**

Glued my printed slides on my Project

**Jan 25, 2025**

Practiced presenting in front of my parents because judging was in a week

**Feb 2, 2025**

Got judged on my science fair project.

**Feb 9, 2025**

Found out that I got First place in my class and got the news of going to CYSF.

**Feb 15, 2025**

Edited my project and made it more professional for CYSF.

**Feb 20, 2025**

Changed some of my project and connected it to Mars

**Mar 12, 2025**

**Finished all my slides and all the science fair and regrowed my plants .**
