

INFORMED CONSENT FORM 2C

CALGARY YOUTH SCIENCE FAIR

You are invited to take part in a research study. Before you decide to be a part of this study, you need to understand the risks and benefits. This consent form provides information about the research. If you agree to participate in this research, you will be asked to sign this consent form before taking part. This process is known as *Informed Consent*.

Student Researcher: Sherri Li

School: Foundations for the Future Charter Academy North High School

School Email: sherri162@myffca.com

Project Title: The Effectiveness of Alberta's Phone Ban

Science Fair Coordinator (Adult Supervisor):

Name: Judy Fan and Kimberly McKeown

Email: judy.fan@ffca-calgary.com kimberly.mckeown@ffca-calgary.com

Project Description: I have created a survey in which you will be asked about if they believe the goals of the phone policy have been achieved in Alberta schools. This survey is similar to the one the government created in April 2024. I will also do additional research on phone bans. The results of the survey and research will be used in the final project as a conclusion.

Your benefits from participating: The survey will provide a sample of evidence on whether or not the phone policy in Alberta is effective. By taking the survey, you are contributing to research on the implementations of the policy, and will provide a better understanding on an effective approach to restricting electronic devices.

Your risks from participating: Your email address will be required in order for you to access the survey. Additional personal information is necessary for the survey. This information will not be stored, but is necessary.

Your time commitment: The survey will take about 25 minutes. Only one response is necessary per person.

The confidentiality of your data:

The results of this research will be given with all information about individual participants removed. No personal information will be stored on a computer. All information on paper that could be used to identify individuals will be shredded at the end of the research project.

Withdrawal:

Your participation is voluntary, and you have the right to withdraw at any time for any reason. If you wish to do so, please talk to the Science Fair Coordinator/Adult Supervisor.

Review:

This project has been reviewed by the Ethics Committee of the Calgary Youth Science Fair Society and has received permission to proceed.

Feedback:

The results of this research will be provided to you in the public presentation of the Science Fair Project.

By signing below, you are agreeing to participate in this study.

INFORMED CONSENT FORM 2C

CALGARY YOUTH SCIENCE FAIR

You are invited to take part in a research study. Before you decide to be a part of this study, you need to understand the risks and benefits. This consent form provides information about the research. If you agree to participate in this research, you will be asked to sign this consent form before taking part. This process is known as *Informed Consent*.

Student Researcher: Sherri Li

School: Foundations for the Future Charter Academy North High School

School Email: sherri162@myffca.com

Project Title: The Effectiveness of Alberta's Phone Ban

Science Fair Coordinator (Adult Supervisor):

Name: Judy Fan and Kimberly McKeown

Email: judy.fan@ffca-calgary.com kimberly.mckeown@ffca-calgary.com

Project Description: I have created a survey in which you will be asked about if they believe the goals of the phone policy have been achieved in Alberta schools. This survey is similar to the one the government created in April 2024. I will also do additional research on phone bans. The results of the survey and research will be used in the final project as a conclusion.

Your benefits from participating: The survey will provide a sample of evidence on whether or not the phone policy in Alberta is effective. By taking the survey, you are contributing to research on the implementations of the policy, and will provide a better understanding on an effective approach to restricting electronic devices.

Your risks from participating: Your email address will be required in order for you to access the survey. Additional personal information is necessary for the survey. This information will not be stored, but is necessary.

Your time commitment: The survey will take about 25 minutes. Only one response is necessary per person.

The confidentiality of your data:

The results of this research will be given with all information about individual participants removed. No personal information will be stored on a computer. All information on paper that could be used to identify individuals will be shredded at the end of the research project.

Withdrawal:

Your participation is voluntary, and you have the right to withdraw at any time for any reason. If you wish to do so, please talk to the Science Fair Coordinator/Adult Supervisor.

Review:

This project has been reviewed by the Ethics Committee of the Calgary Youth Science Fair Society and has received permission to proceed.

Feedback:

The results of this research will be provided to you in the public presentation of the Science Fair Project.

By signing below, you are agreeing to participate in this study.
